CONTRAINDICATION

Please do not use the MediGunPRO, or any vibration device without first obtaining approval from your doctor if any of the following apply:

Pregnancy, diabetes with complications such as neuropathy or retinal damage, wear of pace makers, recent surgery, epilepsy or migraines, herniated disks, spondylolisthesis, spondylolysis, or spondylosis, recent joint replacements or IUD's, metal pins or plates or any concerns about your physical health. Frail

individuals and children should be accompanied by an adult when using any vibration device. These contra indications do not mean that you are not able to use a vibration or exercise device but we advise you to consult a doctor first. Ongoing research is being done to the effects of vibration exercise for specific medical disorders. This will likely result in the shortening of the list of contra indications as shown above. Practical experience has shown that integration of vibration exercise into a treatment plan is advisory in a number of cases. This must be done on the advice of and in accompaniment with a doctor, specialist or physiotherapist.

WARRANTY

The dealer grants the statutory warranty period on the product described overleaf. The warranty applies from the date of purchase. The date of purchase is demonstrated by the sales receipt.

The dealer is to repair or replace products registered within Germany which are found to be defective free of charge. Parts subject to wear and tear such as cloth covers are not covered. To assert your claim, simply return the defective product with the sales receipt before the end of the warranty period. The warranty claim does not apply if it is established that a defect has occurred e.g. through external influence or as a result of repair or alteration not carried out by the manufacturer or an authorised dealer.

The warranty granted by the seller is limited to repair or replacement of the product. Under this warranty, the manufacturer or seller has no further liability and is not responsible for damage caused by disregard of the operating instructions and/or improper use of the product.

If inspection of the product by the seller reveals that the warranty claim relates to a defect not covered by the warranty or that the warranty period has expired, the cost of the inspection and repair are to be borne by the customer.
